

# Engaging with Research

Links to School/Subject

Development

Resilience  
Self-directed  
learners

Retrieval Practice  
(Debt)

How will you measure change or impact?

Survey before and after parent session  
Survey yr 10 Geog before and after  
looking at revision strategies and  
trialing them.

## THE BIG PICTURE

What do you want to achieve?

Confidence with the  
revision process  
for parents and  
students

## Baseline Indicators

(e.g. progress data, ATL, confidence scales)

Parental confidence  
in supporting students  
with revision at home  
Student confidence  
in how to revise.

## Research

What do you need to research? Who  
can help? What sources will you use?

Memory and recall  
Retrieval practice  
Interleaving knowledge  
and spiralling activities.  
Blogs, books, twitter edu.  
Journals, magazines.

## Research Journey

What are you implementing?

parental revision  
support sessions

Revision strategies to  
be taught to  
students explicitly.

What are you testing?

if confidence  
improves

if strategies  
help to build  
student confidence.

What will you do?

Research - theory  
Survey - parents/students  
deliver - parents/students  
Survey - parents/students  
review - results.

What results do you expect to see?

Increasing confidence  
in revision process  
for parents and  
students resulting  
in positive progress  
and reduced stress.
